EXTENSION SERVICES PROGRAM									
Livestock and Poultry Dispersal Project of JH Cerilles State College	The Livestock and Dispersal Program of JH Cerilles State College aims to: (1) Conduct a dispersal and re-dispersal of livestock and poultry to partner municipalities within the last two (2) quarters of the year 2020. (2) Provide alternative livelihood project as support to beneficiaries to augment their income. (3) Conduct a municipal wide dissemination of livestock and poultry production technologies developed in the college to target beneficiaries. (4) Encourage livestock and poultry farmers in the rural areas to adopt and disseminate the technology that they have acquired from this project. (5) Complement the poverty reduction program of the province. (6) Extend TABANGE Program of JH Cerilles State College to neighbouring municipalities.
